Re: Notice of *Ex Parte* Presentation, WT Docket No. 05-265

Dear Ms. Dortch:

On May 26, 2006, Holly Henderson of SouthernLINC Wireless, David Salant of the ERS Group, and Christine M. Gill and David Rines of McDermott Will & Emery, LLP, held a telephone conference with staff members of the Wireless Telecommunications Bureau to discuss the above-referenced proceeding. Participating in this meeting on behalf of the Bureau were Walter D. Strack, Heidi Kroll, Nese Guendelsberger, and Won Kim.

The purpose of this conference was to discuss issues related to the economic reports and analyses submitted by various parties in the above-captioned proceeding.<sup>1</sup> We discussed the analysis for defining separate retail and wholesale markets for roaming services and the impact the wholesale and retail markets have on each other. We discussed potential consumer harm that could result from pricing or other actions taken at the wholesale market level and possible remedies for addressing such harm. Finally, we discussed an approach that would use a market structure analysis as an initial step, as well as discussed how to define the appropriate market structures for roaming services when performing such an analysis.
